<p>Bank Statement Rental Income (Primary Income Source)</p>	<p><b>Net long-term rental income</b> is calculated by taking 90% of the lesser of combined lease amounts or average net deposits, minus the PITI.  <b>Net short-term rental income</b> is calculated by taking 80% of the lesser of combined lease amounts or average net deposits, minus the PITI.</p> <p>The borrower is given credit for rental income commensurate with the borrower's ownership percentage in the property.</p> <p>The following documentation is required:</p> <ul style="list-style-type: none"> <li>- A copy of the lease(s) or <b>host report</b> for the rental property</li> <li>- 12 months bank statements verifying receipt of rents</li> <li>- Property profiles, or similar, that document the borrower's ownership position in each REO used to generate qualifying income</li> <li>- Entity formation docs for properties held in an entity</li> </ul>

Real Estate Flipper Program	<p>The Real Estate Flipper Program is designed for self-employed borrowers only. Income is derived from the capital gains associated with professionals who acquire, rehab, and then sell residential real estate. The qualifying income is a percentage of the gross profit which is the difference between the acquisition cost and the net liquidation value. The acquisition cost will be the purchase price plus transaction fees. The liquidation value will be the sales price minus transaction fees. The gross profit is what's left over when we subtract the acquisition cost from the liquidation value. A percentage of this remainder is used for qualifying income as follows:</p> <ul style="list-style-type: none"><li>- 50% of the remainder divided by the borrower's ownership position in the project up to an LTV/CLTV of 75%</li><li>- 25% of the remainder divided by the borrower's ownership position in the project for an LTV/CLTV greater than 75%</li></ul> <p>In order to qualify for the Real Estate Flipper Program, the borrower must document 2 or more transactions spanning a minimum of 12 months. Short Term Rental Income	<p>Qualifying Income can be used for property that is rented on a short-term basis through services like Airbnb and VRBO. The income is underwritten in the same manner as long-term rentals, as the rental activity will typically show up on Schedule-E. Host reports showing the monthly income are used to show current rental activity. Bear in mind that many STR properties will have a seasonal component.</p> <p>For STR properties obtained after the borrower's most recent filed tax return, income can be derived from a third party STR facilitator's host report. Companies like Airbnb and VRBO provide summary reports which show the net payout to the owner for each property. Depending on the length of time the property has been in service, an AirDNA report can be pulled to help determine the usable rental income. The AirDNA will show any seasonal aspect of the property's cash flow. The Newfi UW will obtain the AirDNA report if needed. The AirDNA report is used to support the property's actual income, it is not used to determine future possible income.</p> <p>When using an STR host report for income, 80% of the payout to the owner will be used. The PITI is applied to determine the properties net income or net loss.</p>
Departure Property 3 Options	<p>Option 1: If the current residence is pending sale but the transaction will not close prior to the subject transaction, the current PITI may be excluded with the following:</p> <ol style="list-style-type: none"><li>1. The executed sales contract for the current residence AND</li><li>2. Confirmation that all financing contingencies have been cleared.</li></ol> <p>Option 2: If the current residence will become a rental property, the net rental income may be used to offset carrying costs or to add to qualifying income. The following 3 items are required</p> <ol style="list-style-type: none"><li>1. Copy of current lease AND</li><li>2. Proof of receipt of deposit and 1st month's rent AND</li><li>3. Evidence rent is near market, either a 1007 or other underwriter/loan officer obtained confirmation of market rent is required.</li><li>4. Use lease and apply the 75% rule to determine cash flow.</li></ol> <p>Option 3: If the departure prop is unleased, then the PITI can be offset with market rents from a 1007 Positive cash flow from departing residence without a lease in place may not be added to income. Use 1007 rent and apply the 75% rule to determine cash flow. An additional 2 months of PITI on our subject property is required when using only the 1007 on the departure property.</p>
